Film Descriptions:

I'm Just Anneke: This film is a portrait of a 12-year-old girl who loves ice hockey and has a loving, close-knit family. Anneke is also a hardcore tomboy and everybody she meets assumes she's a boy. The onset of puberty has created an identity crisis.

Fragile: Fragile is a subtle, moving film that explores the delicate issue of gender identity and bullying. (V, L)

The Nanny Project: This short investigates the importance of play, while examining the social expectations of gender.

Transgender Parents: This film takes the conversation about parenting & transsexuality to the next level.

DOH! Oh Dear, A Female Tear: This film explores the issues of voice, gender and representation as Stephen traces his westernization, the discovery and silencing of his voice.

Trans Lives Matter!: A powerful documentary of a community vigil for Islan Nettles, a trans woman of color.

Something In Between: There's a barrier between Nino and the rest of the world. The environment sees her as a girl – something that she can't feel. Nino ceases to try to be a girl, and starts living as a boy. (N, FF/ST)

Growing Old Gracefully: GOG explores the issues and experiences of aging transgender people.

How to Be Beautiful: "How to Be Beautiful" was created as a commission for the 16mm John Waters- inspired film "Camp Randy." (N)

"...until justice rolls.": In this short, Faggotgirl decides to meet her best-friend across town. However, they are thwarted in their attempts to use public transportation because of the inaccessibility of the system.

Brace: This short film tackles issues of homophobic hate crime, and gang violence against LGBT youth, set against a backdrop of troubled young love. (V, L)

Crazy Hot: This short film takes a campy look at ups and downs of dating. It is a valentine to all those hopeless romantics that endure the lunatic antics of that special someone...if only for a song.

When a Butch Dyke Dies: This short explores the question of what happens to a butch dykes body once they die.

Dating Sucks: A GenderQueer Misadventure: An animated documentary web-series about the successes, failures, and incredible confusion trying to date as a genderqueer/trans person.

Urban Drag: Five people explore their identities and define themselves through clothes and makeup. (N)
